2. Funding pathways

Long term planning

- SCADA system for SD#1 – system notifies multiple people when there is an alarm or fault in the system
- Update of sewer law to be a unified law for all districts in Dresden
 - Separate out enforcement from operations?
- Explore flow meters at the *pump stations* to get better flow #s
- Explore flow meters at lateral outflows to measure individual residential use for proportional billing
- Explore joining New York Rural Water Association (NYRWA) as a support resource
 - Free technical help
